

At Raptor Lighting we are passionate about two things – Australian manufacture and LED lighting. We believe in investing in technology and people to ensure competitive, high-tech manufacturing remains a cornerstone of the Australian industry. Applying this to LED lighting demands that we constantly innovate and improve our products, but at affordable cost, ensuring Raptor always represents excellent value.

All Raptor LED products are manufactured in Australia, ensuring you have a product designed for the harshest conditions possible. A 3 year warranty underlines our commitment to excellence.
